Activate the Liefkenshoek Tunnel service

In case of additional questions contact **Satellic Customer Support** on

00800/72 83 55 42

(From Belgium and neighboring countries)

or **+32 2 416 0 416.**

(From any location)

Calls from mobile networks may be surcharged according to the terms and conditions of your mobile service operator.

How can I activate the Liefkenshoek Tunnel service?

Please note that, due to privacy reasons, not all the account details can be shown in the print screens below.

Important!

The payment of the toll of the Liefkenshoek Tunnel with the Satellic OBU is only possible if you choose a participating Satellic Business Partner as payment mean for this specific service.

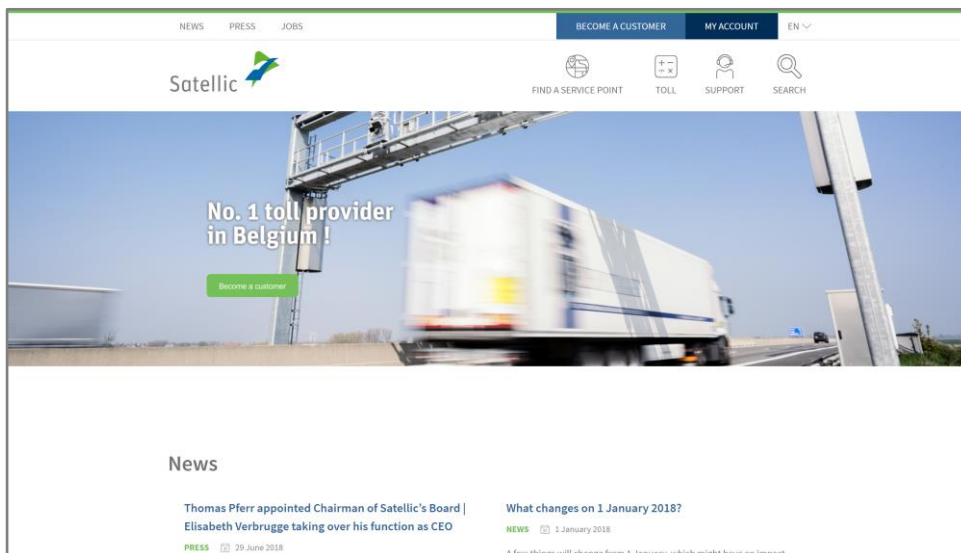

A list of the Business Partners offering this service can be found here:

<http://www.satellic.be/business-partners>

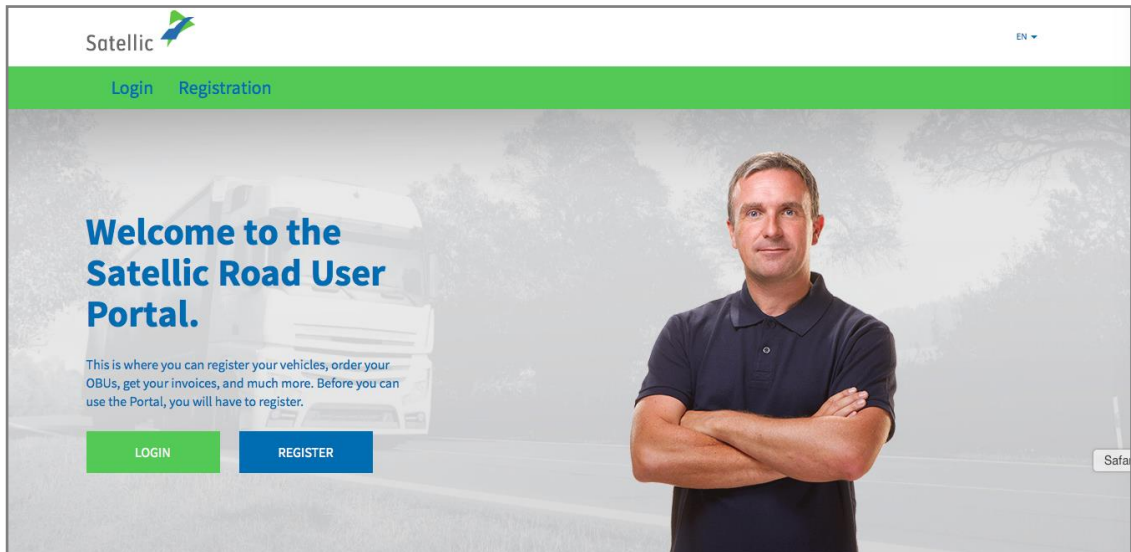

- **If you already pay the Belgian toll via a participating Business Partner,** please contact your Business Partner to see if they offer this service.
- **If you don't pay the Belgian toll via a participating Business Partner,** you can log onto the [Road User Portal](#) and request to have a participating Business Partner as guaranteed payment mean. For more information, please read our [FAQ "How can I change my payment means \(full account only\)?"](#).

Note that the selected Business Partner will first have to accept your request. When they contact you, don't forget to specify that you would like to use the Liefkenshoek Tunnel service they offer.

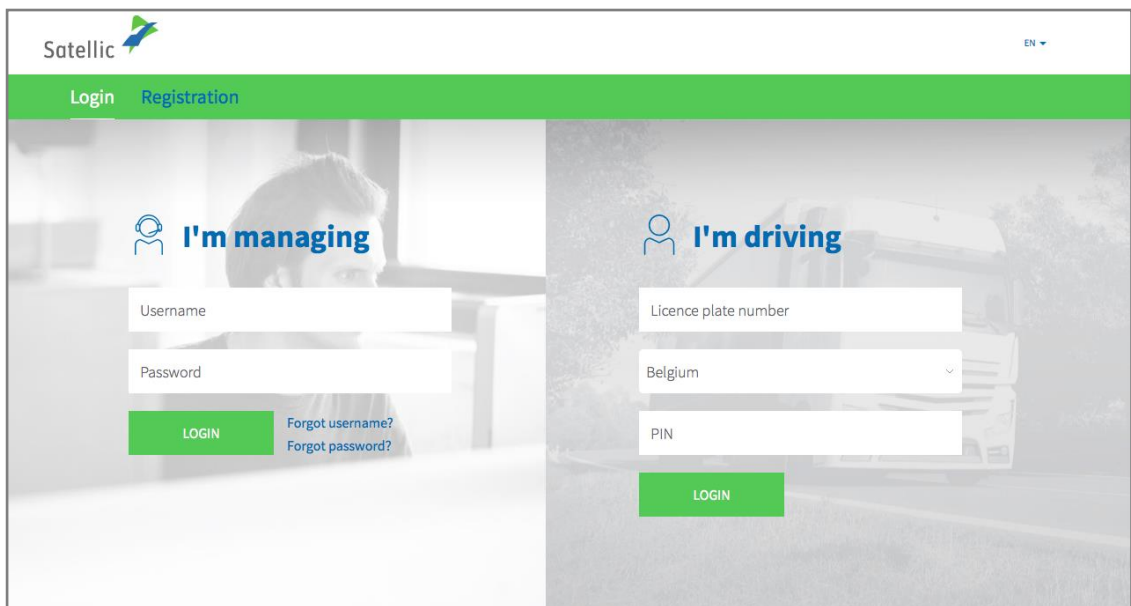

Step 1: Go to www.satellic.be, and select "MY ACCOUNT".

Step 2: Select "LOGIN".

Step 3: Select "I'M MANAGING" and log in with your Username and Password.

Step 4: Click on “Product Area”.

Product Area

Toll Belgium

Since April 1st 2016, all heavy goods vehicles of more than 3.5 tonnes must have a working On Board Unit (OBU) in Belgium. This toll is levied on motorways and a number of regional and municipal roads. The OBU must be switched on whenever you use a Belgian road. The system is based on the 'user pays' principle. This means that everyone pays a fair contribution for using the roads. Satellic will collect the toll on behalf of the Flemish, Walloon and Brussels-Capital regions.
